

ENSI inpa is honoured to nominate

Astrid Sandås

For SENIOR ADVISOR of ENSI

- Astrid Sandås is an active friend of ENSI and has contributed to the development of the network for more than twenty-five years.
- She initiated the “SUPPORT”-project within the frame of the COMENIUS life-long-learning programme. This multilateral network aimed to develop ESD with all its partners. The broad access to ESD and the quality of the project is an excellent example which will lead to further development in the area..
- Astrid Sandås shared her visions and successful initiatives with the ENSI network and supported young experts in their professional development of ESD.

The ENSI Executive board would like to express its appreciation and delight in having Astrid Sandås come on board as a Senior Advisor in the network.

Berne,

Reiner Mathar, ENSI President
