The invited keynote speakers are
Vanessa Andreotti, Professor of Global Education, University of Oulu, Finland
Helmuth Hartmeyer, Director, Austrian Development Agency, Chairperson of GENE
Rauni Räsänen, Professor Emerita of Global Education, University of Oulu, Finland

The symposium welcomes educators and education policy makers who care for a more just and sustainable world. Contributions by curriculum specialists, civil servants, teacher educators and researchers, practising teachers as well as NGO representatives will be shared in a peer learning spirit.

The referential frame of the conference will be As a global citizen in Finland, a national general education project targeted to 1) clarify understanding on growth into global citizenship; 2) suggest competencies of global citizens for the national curriculum reform; 3) gather and develop pedagogical examples on global citizenship education.

This symposium addresses three key issues

► What is global education?
► What are key competencies of global citizens in general education?
► How can priorities of global education be nationally identified?

To meet the needs of future learners, the Symposium will discuss and further develop ideas, insights and visions concerning the issues above. Thoughts will be elaborated in dialogues, workshops and key note speeches.
Call for Contributions

The organisers encourage participants of the Symposium to send in suggestions of their own as contributions for posters, workshops, round table discussions and brainstorming sessions, connected with various topics regarding the competencies for global citizenship.

You are invited to submit your proposal to the Symposium organising team no later than 8th June. Kindly fill in the proposal form here or at https://www.surveette.com/28102-22331-662globalcitizencontributions If the link doesn't open please go to webpage: https://www.surveette.com/28102-22331-662
