INFORMATION – 3.

Dr. habil Andrea Dúll

is a university professor at the two biggest universities in Hungary (Eötvös University of Budapest and Budapest University of Technology and Economics). Her research focuses on environmental psychology and environmental communication including sociopsychological factors of environments, inclusion, cultural differences.

The presentation will reflect on points for observation given for the excursion on Monday.

Győr estimated its carbon footprint via university-school-community collaboration, which was initiated and lead by a former geography teacher

Dr. Cecília Szigeti, environmental economist (Széchenyi University), member of Hungarian Research Teachers' Association.

DAY 4

09.00 – 12.00 Steering board meeting

13.00 – 14.00 Lunch
