1. CoDeS Barcelona Conference 2014: Bookmarks available

In order to inform our collaboration partners early a bookmark for the **Barcelona Conference has been created**. Bookmarks for your use are available, CoDeS secretariat will provide you with the number you need for distribution (ch.affolter@comenius-codes.eu).

Final Conference - Barcelona, May 21-23th, 2014

Please inform your partners about the Conference now – in order to plan the participation to the Conference already now!

2. CoDeS at the 7th WEEC in Marrakech, June 9th to 14th

CoDeS has been presented on the 7th WEEC in Marrakech with a poster on session 1, Monday 10th and Tuesday 11th of June. On Wednesday 12th a team of five CoDeS partners invited to a workshop on school-community collaboration. Given to the fact that no printed programme was available (7thWEEC intended to be a 'paper free' conference, but unfortunately the venue has had no internet access!) we could welcome only a small group of interested participants. Discussions among two sub-groups pointed out, that one of the main criteria for successful collaboration is the choice of a theme, which has to be relevant, important and urgent for both partners.

School and community collaboration was highlighted during several keynotes and panel discussions – CoDeS is working on an important edge bringing sustainable development alive!

3. CoDeS partner meeting 3 in Cyprus, October 20th – 23rd

CoDeS partners will meet for their third partner meeting in Larnaka, Cyprus. Work begins at Sunday, October 20th and ends on Wednesday October 23rd. Main topic of the partner meeting is to learn about the many deliverables and to work with them. Layout drafts for CoDeS publications are ready by then. Authors will provide workshops and all are very interested on feedbacks.

4. RCE Rhine-Meuse: Look back on Kerkrade Conference (OPEDUCA and CoDeS), May 13-15 2013

RCE Rhine-Meuse, hosting partner of the international conference 'Learning for the future' in Kerkrade offers presentations, photos, links from the CoDeS-OPEDUCA Co-Conference May 13th to 15th. Find all information at

http://www.rcerm.eu/OPEDUCA_CONFERENCE_MAY_2013_KERKRADE.html

Thank you for this, Kerkrade team!
